Sub: Letter of appreciation, EDUROAM at VECC

Dear Shri Mohanram,

This is to inform you that the EDUROAM service has been successfully extended to the Lecture Halls for Seminars, Conferences and Collaboration Meetings of Variable Energy Cyclotron Centre (VECC), Kolkata. The facility was provided to the participants of the "NUSTAR Week 2012", held at VECC during October 8-12, 2012.

The EDUROAM service at this Centre was set up with the help and support from ERNET-India. A few Access Points and a RADIUS server have been installed and configured. The service has been extensively tested with the inputs from ERNET, and was found satisfactory.

This letter is an expression of our appreciation towards ERNET, for providing technical support to us, for setting up the said facility. ERNET, with their sincere efforts and technical knowledge, made it possible for our users to use this facility.

We would like to specially thank Ms. Nirmal Marwah, SSO, who was the in-charge of the project from ERNET.

Thanking you and with warm regards,

Sincerely yours

(D.Sarkar)
