

Connecting to the eduroam wireless network using Windows 10.

1. Select the icon to access the internet from the task bar in the lower-right. You will see an icon that will look like one of the images below.

Fig 1 – Wireless/network icon

2. Select **eduroam** from the list of available Networks and select **Connect**.

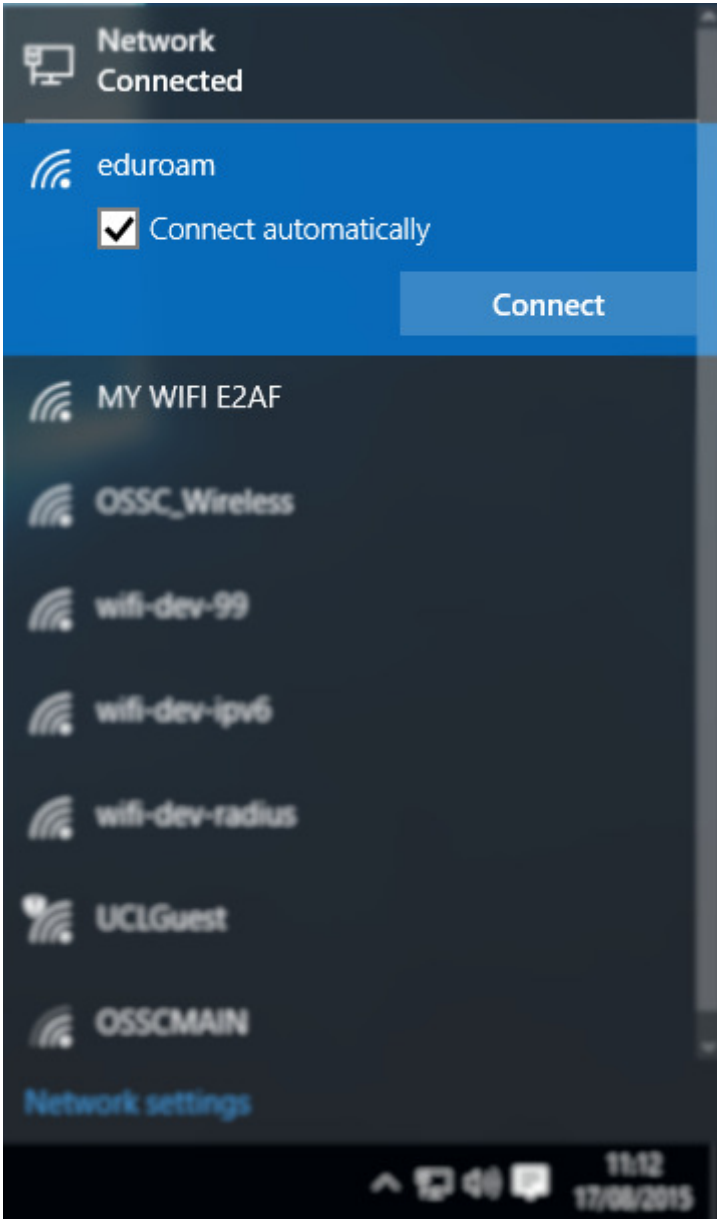

Fig 2 - connect to eduroam

3. Set user name to your UCL user ID and the enter your UCL password. Your UCL user ID **must** be appended with **@ernet.in** (e.g. test@ernet.in).

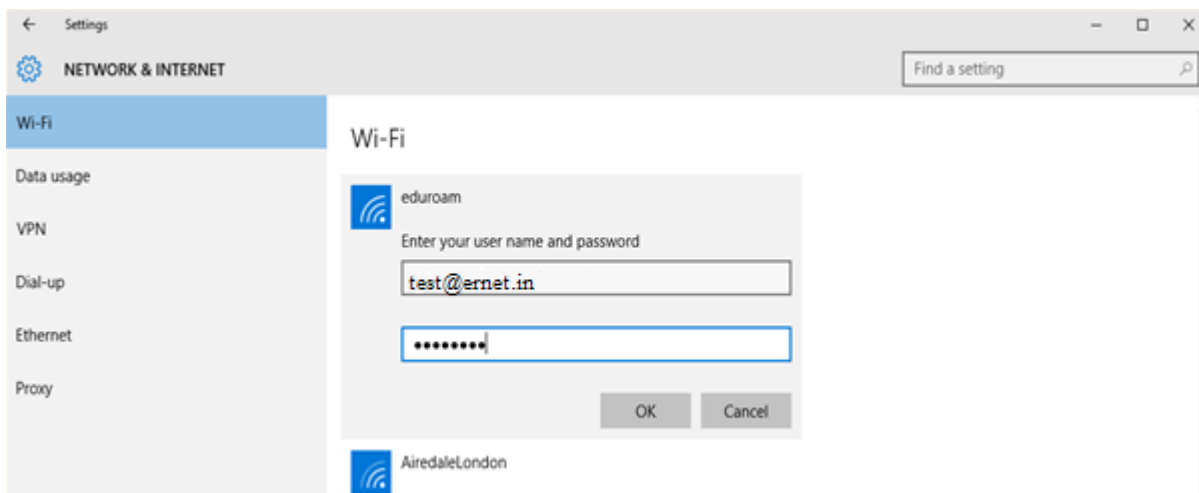

Fig 3 - enter your credentials4. You will be prompted to **Continue connecting**. Select **Connect**.

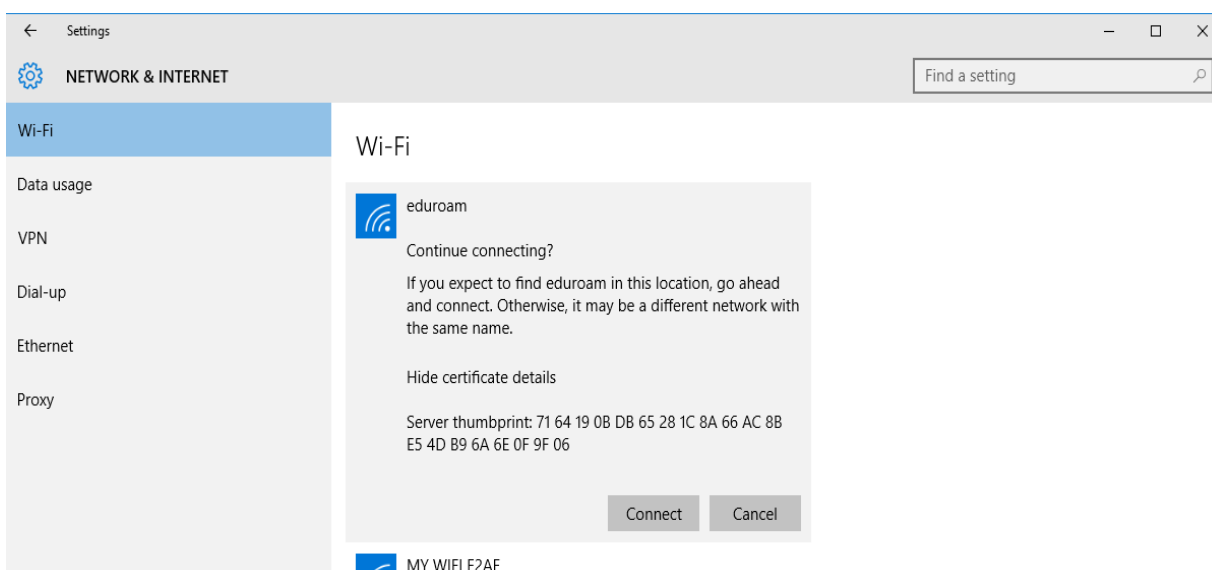

Fig 4 – continue connecting

5. If successfully authenticated the status will change to **Connected** (may briefly display **Limited**). You will now be connected to the eduroam service.

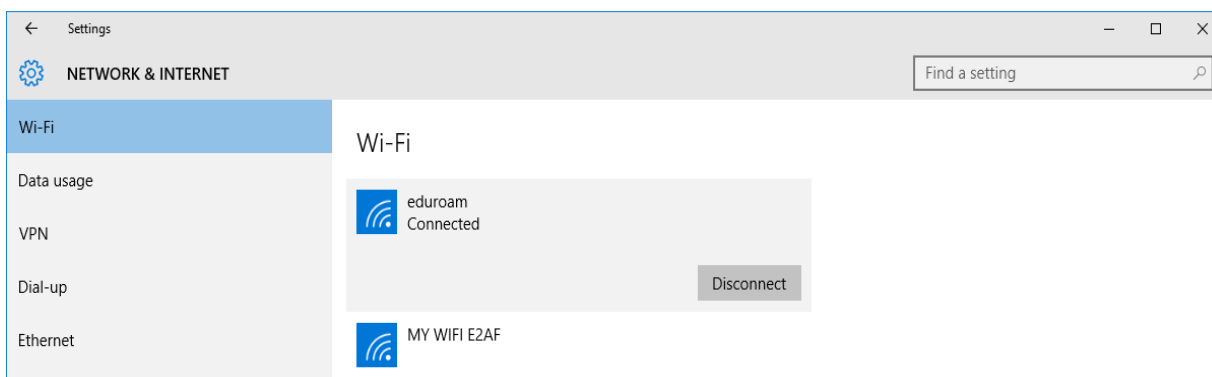

Fig 5 – successfully added network

Your credentials should now be stored and you will only be prompted again when your password is changed.
