Dear Mr Mukesh

We are glad to inform you that eduroam connectivity has been installed successfully. It has been tested in our Mesra Campus. It would be very much useful for accessing the internet connectivity while visiting other academic institutions. It will help us in establishing the VPN services and other Wi-Fi enabled facilities. BIT is quite happy for joining in the eduroam community. We are thankful for your excellent support.

S K Ghorai
Prof-In Charge
Institute, Networking,
Dept.of ECE,
BIT, Mesra, Ranchi-835215.
